PARTLY Hissar IIIA): BLACK. (THE LOCATIONS  
OF THE TWO HOARDS ARE INDICATED.)

## personal notes

A photograph of a small, reddish-brown clay figurine of a quadruped animal, likely a bull or dog, shown in profile. The figurine has a rounded body, four legs, and a head with two circular holes. A scale bar is visible below the figurine.

date 8/23/32

**object** figurine lo type, decorated with lines, goat

colour dark brown on buff
